## Introduction

Founded in 1859, Averett University has grown into an accredited, co-educational, four-year university offering both undergraduate and graduate educational opportunities to students from across the nation and around the world.

Whether students attend classes at the main campus in Danville, one of the regional campuses, or online Averett University cares about their safety. It is a goal of Averett University to keep students, faculty members, staff, and visitors to the University as safe as possible. The Averett Campus Safety and Security department, Office of Student Life, Human Resources and other departments all work together with local law enforcement agencies and community organizations to provide a balance of law and policy enforcement with educational programs to help increase the safety of the community. Averett's efforts for safety does not end at the boundaries of the University campus, rather the University works closely with the City of Danville Police Department and other law enforcement agencies throughout the state and into North Carolina. Averett's Campus Safety and Security department works to keep the campus community as safe and crime-free as possible.

### About the Annual Security Report

This report is produced annually to comply with the Jeanne Clery disclosure of Campus Security Policies and Campus Crime Statistics Act, known as the Clery Act. It provides information about safety-related policies, procedures, practices, and resources. These policies and procedures may be updated or revised after publication of this report; with the updated information accessible through the [Averett University website](#). Each member of the University community receives an email that describes the report and provides a link to its website location. For a paper copy, contact Averett University Campus Safety and Security.

The Clery Act requires colleges and universities to:

- Publish an annual report by October 1 of each year that contains three years of campus crime statistics and certain campus safety and security policy statements;
- Disclose crime statistics for campus areas, public areas immediately adjacent to or running through a campus, and certain non-campus facilities and remote classrooms;
- Provide “timely warning” notices of those crimes that have occurred and which “*pose an ongoing threat to students and employees*,”
- Disclose in a public crime log crimes that have occurred on campus and that have been reported to Campus Safety and Security; and
- Disclose agreements with state and/or local law enforcement agencies.

### Preparation of the Annual Security Report

The statistical information for this report has been gathered from Campus Safety and Security records, local and state law enforcement agencies, and other University officials who have “significant responsibility for student and campus activities” (Campus Security Authorities).

The Averett University Campus Safety and Security department is responsible for collecting data and preparing the crime statistics for this report. Working together, the offices of Campus Safety and Security, Student Life, Human Resources, and others prepare the policy statements and disclosures.

The Daily Crime Log is updated by Campus Safety and Security within two business days and includes all crimes reported to the Campus Safety and Security department. It is available during business hours at office of the Chief of Campus Safety and Security, 420 West Main Street, Davenport Hall 101, Danville, VA 24541.

## Notice of Non-Discrimination & Equal Opportunity Statement

Averett University does not discriminate on the basis of age, color, disability, gender identity or expression, marital status, national or ethnic origin, political affiliation, pregnancy, race, religion, sex, sexual orientation, veteran status, or medical or genetic information, in its programs and activities as required by Title IX of the Education Amendments of 1972, the Americans with Disabilities Act of 1990, as amended, Section 504 of the Rehabilitation Act of 1973, Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination Act of 1975, and other applicable laws and University policies. The University prohibits all forms of interpersonal violence, including sexual and gender-based and sexual harassment.

University students, employees, and participants in University-sponsored programs and activities may be entitled to reasonable accommodations or modifications for a disability. Requests for such accommodations should be directed to:

<i>For employees &amp; potential employees</i>	<i>For students &amp; potential students</i>
Director of Human Resources 420 W. Main St Main Hall, Room #013 Danville, VA 24541 434-791-7106 ktune@averett.edu	Director of Student Success 420 W. Main St. Student Success Center, Room 111 Danville, VA 24541 434-791-5754 eschlauch@averett.edu

Concerns regarding other types of discrimination may be directed to:

<i>Sex-based discrimination or sexual harassment</i>	<i>Discrimination by or towards employees</i>	<i>Discrimination towards students or potential students</i>
Title IX Coordinator 434-791-7222 <a href="mailto:TitleIX@averett.edu">TitleIX@averett.edu</a>	Director of Human Resources 420 W. Main St Main Hall, Room #013 Danville, VA 24541 434-791-7106 ktune@averett.edu	Dean of Students 420 W. Main St. Student Center, Room 427 Danville, VA 24541

Complaints may also be filed with the [Department of Education Office for Civil Rights](#) or the Equal Opportunity Commission.

## Averett University Campus Safety and Security Team and Services

The University employs a Chief of Campus Safety and Security who oversees all aspects of campus safety. The Chief is responsible for direct oversight of security services and personnel contracted through Admiral Security Services. The Chief works closely with the University's Title IX Coordinator, Director of Residence Life, Director of Human Resources, and Dean of Students to investigate and aid in the prompt resolution of safety or security concerns or incidents.

The mission of the Averett University Campus Safety and Security department is to provide a safe and welcoming environment to enhance the well-being of students, faculty, staff and visitors, and protect all Averett University property. Safety and security team members support the education process by promoting knowledge, accountability, and personal responsibility while exemplifying mutual respect and teamwork. Serving a diverse community, the department strives to excel in addressing issues, concerns, and solutions with professionalism and compassion.

Although every student at every campus and classroom around the state is valued at Averett, the Campus Safety and Security team provides services primarily at the Danville locations where students, faculty, staff, and visitors are located in the greatest numbers.

- *At the Danville Main Campus*, an officer is available 24 hours a day, 7 days a week with a typical response time of 3-5 minutes.
- *At the Danville Riverview location*, an officer is on duty Monday through Friday from 4 p.m. to midnight during fall and spring semesters and Monday through Thursday 5 p.m. to 10 p.m. and Friday 4 p.m. to 8 p.m. during the summer months.

The Averett University Campus Safety and Security department cooperates with local police departments in monitoring the activities of students and student organizations while off campus, with coordination as needed and appropriate. The University has a Memorandum of Understanding (MOU) with the City of Danville Police Department and the Virginia State Police that allows those agencies to work with the campus safety and security team by providing off-campus law enforcement and patrols as well as on-campus assistance with serious crimes or emergencies, as needed. The MOUs also establish a cooperative relationship for the investigation of felony sexual assaults. If needed or appropriate, the University will seek to enter into MOUs with additional law enforcement agencies.

The Averett Campus Safety and Security department provides safe escorts between parking areas and buildings, receives reports of crimes or suspicious activity, provides emergency response, as well as calls for additional resources as appropriate to the situation. Safety escorts for students and employees can be requested through the LiveSafe app.

### Reporting Crimes, Concerns, and Emergencies

There are several ways that members of the University community and visitors can report crimes, serious incidents, or emergencies. Regardless of how or when incidents are reported, it is critical for the safety of the community that reports are made. If crimes are not reported, the University is limited in its ability to help prevent other crimes and keep community members safe. Prompt reporting and participation in efforts to prevent crimes is highly encouraged. Persons making a report may choose to do so confidentially

(without sharing name or other personally identifiable information). “Report A Tip” on LiveSafe allows confidential (anonymous) reporting of crimes, suspicious activity, mental health or drug/alcohol concerns, discrimination, and other concerns. It also permits the attachment of photos or videos to support the report.

To report an incident or concern:

<b>Campus Safety &amp; Security</b>	<b>LiveSafe</b>	<b>Police</b>	
434-791-5888 or Ext. 15888 from a campus phone	Use the LiveSafe app to report a variety of incidents from tips to Covid-19 concerns	<b>Danville-area locations:</b> Main Campus, North Campus, Aviation Center, Riverview Campus	<b>434-799-5111</b>
		Equestrian Center (NC)	336-388-5950
		Quantico Marine Base	703-784-2252
		Virginia State Police	804-674-2000

The Campus Safety and Security department responds to all reports of criminal activity on Averett’s main Danville campus (call 434-791-5888). Safety and security personnel are on duty 24 hours a day, 365 days a year. Crimes or possible crimes that happen in any of Averett’s locations should be reported to Campus Safety and Security; although for locations other than the main Danville campus, students and employees should contact local law enforcement immediately and follow up with the Campus Safety and Security department later. Under the Clery Act, certain University officials and offices are designated as “campus security authorities” (CSAs). University CSAs include:

- Campus Safety & Security personnel/officers
- University officials with significant responsibility for student and campus activities such as student housing and student discipline. An official is a person who has the authority and the duty to take action or respond to particular issues on behalf of the University.

The Averett Campus Safety and Security department maintains a record of all incidents reported in the form of a daily crime log. This crime log is one source of information used to compile the statistical data for this annual crime report. Further, each incident is evaluated to determine if a timely warning or other notice is required for purposes of the safety and security of the Averett community. Decisions to issue timely warnings and emergency notifications are made on a case-by-case basis, taking into consideration the specific facts and circumstances of the situation and the danger posed to the Averett community. Since these warnings and notifications are intended to enable people to protect themselves, it is essential that information on criminal incidents and dangerous conditions are reported immediately so that these alerts can be issued quickly.

### **Voluntary and Confidential Reporting**

Occasionally, people may wish to report a crime or incident, but do not want to pursue action through the criminal justice or University disciplinary system. Under the Clery Act, pastoral and professional counselors who receive confidential reports are not required to report crimes to the Police or to Campus Safety and Security. These positions are:

- *The University Chaplain:* A Pastoral Counselor is a person associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that official recognition.
- *The Campus Counselor:* A Professional Counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of their license or certification.

Pastoral counselors and professional counselors, if and when it is appropriate, are encouraged to inform persons they are counseling of the procedures to report a crime to Campus Safety and Security for inclusion in the annual disclosure of crime statistics.

Reporting all incidents and crimes (even if no victim or perpetrator is identified) allows Campus Safety and Security to maintain accurate records on the number of incidents, determine if there is a pattern of crime with regard to particular locations, method or assailant, and to alert the campus community of an ongoing threat, if appropriate.

## Members of the Public on Campus

At several campus locations, particularly in Danville, the campus is open to the surrounding community, without fences or gates to impede access. Averett is a part of the community, and we welcome visitors and the appropriate use of our campus. This access can raise some safety and security concerns; so students and employees should be aware of relevant policies. Members of the public are welcome to walk through the campus and to be in public areas such as the cafeteria, the library, and Jut's Café on the main campus. They are welcome to attend athletic and other performance events. However, members of the public are not permitted entry into residence halls, classrooms (unless part of a class), computer labs, and other areas reserved for students and employees. Members of the Averett community should notify the campus safety and security office if they notice a suspicious person or incident on campus.

Another aspect of campus safety relates to the presence of children, or minors, on campus. A college campus like Averett's is not designed to accommodate young children. Thus, Averett has policies in place that limit when, where, and the circumstances under which children can be on campus. Children are not to be in the residence halls (move-in/out days under supervision may be an exception). Minors must always be under direct supervision of a responsible adult and may be in public areas only. Employees are prohibited from bringing children to work with them unless exceptional circumstances exist and they have received prior approval. For the safety of the children, Campus Safety and Security is to be notified if unsupervised children are present on campus, particularly in nonpublic areas.

## Emergency Telephones

A call to request for an escort, to report an emergency situation or crime, or a suspicious person in the area, can be made from one of the seven (7) yellow emergency phones around campus. These phones are available to student, staff and faculty to easily contact Campus Safety and Security for assistance whenever needed. These yellow phones are located:

- In front of Main Hall main entrance door,
- Danville Hall side entrance facing Mountain View Rd,
- Bottom floor of Bishop Hall across from the Carrington Gym,
- Frith hall sidewalk area between the building and parking lot,

- In front of Fugate main entrance,
- On the bridge from the student center parking lot to Fugate Hall, and
- Back parking lot at the Lutheran Church.

To activate the emergency assistance call, push the button marked “emergency assistance, press button.” A blue light will flash and the Averett University safety and security officer on duty will be contacted automatically. Tell the officer your name, your location, the nature of your situation, when the event occurred, and whether medical or other emergency assistance is needed in addition to security. Provide as much information to the officer as possible so the officer can come prepared to assist.

There are red emergency call boxes located on the breezeway area of each of the Averett Commons apartment buildings on the Danville main campus. There are two red box phones at the North Campus, located inside the main entrance lobby area and at the side entrance area near the vending machines. Push the LED lit button and the Campus Safety and Security officer on duty will be called. Tell the officer your name, your location, the nature of your situation, when the event occurred, and whether medical or other emergency assistance is needed in addition to security. Provide as much information to the officer as possible so they can come prepared to assist.

There is a red phone located in the hallway of most residential dorms on the main campus: Davenport (2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>), Bishop (4<sup>th</sup>), and Fugate Hall (all floors). To reach Campus Safety and Security, dial 15888 or dial 911 to reach police, fire, and rescue. Be sure to give your name, your location, the nature of your situation, when the event occurred, and whether medical or other emergency assistance is needed in addition to campus safety and security or police. Provide as much information as possible.

## Building Access and Security

### Danville Main Campus

Only current students, their invited guests, necessary employees, and persons specifically authorized by the University are permitted access to the University’s residential buildings and rooms. All seven residence halls and the Mountain View apartments are kept locked continuously 24 hours a day, 7 days a week. Keys are issued only to students who reside in those areas and then only to their assigned room or apartment. Residents may not engage in any activity that poses a safety risk or which compromises the security of the premises. Specific examples of such restricted activities include (but are not limited to) propping open of exterior doors or removal of window screens or locks.

*If anyone, other than a resident, invited guest, or authorized University employee, is in a residence hall, that person should be reported immediately to Residence Life or Campus Safety and Security. Safety is everyone’s concern.*

Generally, residence halls are open during the fall and spring academic terms, during fall and spring breaks, and during Thanksgiving break; but closed during winter and summer breaks. Student athletes who participate in winter sports may receive permission from the Director of Residence Life to be in the residence halls for a short period of time in December and January.

Controlled access to buildings is a significant component of the campus safety and security program. For most locations, non-residential buildings, such as those used for administrative or classroom purposes, are open during normal business hours to members of the Averett University community, invited guests, and persons conducting lawful business with the University. Access to these buildings during non-business hours may be limited to personnel, based on authorization by an area Vice President, Dean, or Department Head. Keys and operation of the electronic access control system is the responsibility of Campus Safety and Security. Access to the library during evening and weekend hours is restricted to Averett University key card holders. If an ID/access card is lost, there is a nominal fee to replace it and the lost card is immediately cancelled so that it cannot be used by unauthorized persons to gain access to secured areas.

### **North Campus**

*At the North Campus location*, the athletic fields are monitored by closed-circuit television cameras (CCTV), an intrusion alarm system, and members of the Athletics and Facility departments who work at that site.

### **Equestrian Center**

The grounds to the equestrian complex are open to students, staff, faculty, and other persons having business at the complex between the hours of 6 a.m. and 7 p.m. weekdays and slightly shorter periods on weekends. The complex is generally not open to the public except for special events.

### **Aviation Center**

Access to the flight center at Danville Regional Airport is limited to faculty, staff, students, or other persons having business at the center during normal business hours. The entrance has an automatic lock that requires visitors to be ‘buzzed in’ during nonbusiness hours.

### **Graduate and Professional Studies Locations**

Generally access to separate campus and non-campus locations associated with the Graduate and Professional Studies program (GPS) is limited to normal business hours for administrative offices and scheduled class hours for classroom facilities. Responsibility for access to these locations is with the administrative personnel of GPS.

The GPS location in Quantico has a site monitors who provide technical support as well as opening and closing the classroom, monitor and report unusual classroom activities or incidents, and contact medical or law enforcement services if needed. The Riverview location has both a site monitor and a security officer on premises during classes.

### **Security Cameras**

As part of the University’s commitment to providing a safe and secure environment for all members of the Averett community, security and safety video monitoring and recording (CCTV) is used. Such measures enhance campus security and safety with electronic security patrol of campus areas, monitoring access to grounds and facilities, documentation of incidents, and provide assistance in criminal or misconduct

investigations. *The use of a CCTV system on campus does not guarantee safety of persons or property*; rather it is a tool used by Campus Safety and Security to increase campus safety and security.

Information obtained through CCTV recording may be released to persons or entities outside the University, such as law enforcement, only when compelled by law (subpoena or search warrant) or when authorized by the Chief of Campus Safety and Security in consultation with the Dean of Students or other authorized administrator. CCTV recordings will not be released to news or media sources without approval from a member of the President's Council. The primary use of CCTV is to provide recordings that can be reviewed later to investigate incident reports or student disciplinary matters.

### **Danville Main Campus, North Campus, and Riverview Campus**

The Averett University main campus has security cameras in multiple places outside and inside academic buildings and in hallways and common-area lounges of residence halls, as well as at the North Campus and Riverview locations. These cameras record real-time video and can be viewed by authorized personnel at the Campus Safety and Security offices. Although the CCTV system is not monitored on a 24/7 basis, it is observed periodically, in open view of others at the Campus Safety and Security office in the Student Success Center, when security personnel are not making rounds or on patrol.

On Danville main campus, cameras are present at/in:

- Main Hall entrances (3); mailroom/e-sports area (2); office hallways (5); penthouse and residential lounge areas (3); residential hallways (4)
- Davenport Hall office hallway (1) and residential hallways (6)
- Danville Hall entrances (2) and residential hallways (4)
- Bishop Hall entrances (2); office hallway (1); residential lounge (1) and residential hallway (2)
- Fugate Hall entrances (2); residential lounge (1) and residential hallways (7)
- Averett Commons lounge (1); parking area (3) and sidewalks (3)
- Student Center parking lot (1); dining hall (3); hallways (1) and Jut's Café (1)
- Maintenance house (2)
- Frith Fine Arts Center and Carrington Gym (3)
- Frith Hall entrances (5); parking lot (1) and Classrooms/labs (3)

North Campus has cameras in hallways (5); classrooms (1) and parking areas (6). Cameras at the Riverview campus are at entrances (2).

### **Aviation Center**

The University's flight center at Danville Regional Airport is monitored by the airport's CCTV system and is part of the airport's security patrol system. The flight center is not open to the public.

### **Graduate and Professional Studies Locations**

Whether or not CCTV is used at GPS locations outside of Danville is a decision made by the owners of those properties and is not monitored by Averett safety and security personnel. Students, faculty members, and staff members always should use diligence and care for personal safety of themselves and others.

### **Incident Reporting and Response**

Students, employees, and visitors are encouraged to immediately and accurately report criminal offenses, suspected criminal activity, or other emergency situations to the local law enforcement agency and to

Campus Safety and Security. Reporting such incidents can be done by use of the emergency or help telephones at the Danville campus locations or by dialing 9-1-1 for local law enforcement. Employees who are designated as CSAs are required to report criminal activity on campus to Campus Safety and security. Crimes should always be reported to Campus Safety and Security so the situation can be evaluated for the purposes of making timely warning reports, protecting the community, updating the daily crime log, and creating the annual statistical disclosure.

In Danville, campus safety and security officers are available 24 hours a day at 434-791-5888. Officers can provide an immediate response to emergency calls while working with the full range of city first responders to assure a complete and timely response to all emergency calls. Priority response is given to crimes against persons and personal injuries. For non-emergency calls, Campus Safety and Security will take appropriate action by dispensing an officer or asking for an incident report to be filed. Incident information involving students is forwarded to the Dean of Students or the Title IX Coordinator, as appropriate.

## **Residence Life Security Procedures**

Security is essential to maintain the safety of students living in residence halls on the main Danville campus. The housing contract for students includes safety and security provisions which are enforced by the Residence Life staff and the Campus Safety and Security department. It is important that each person in the community accepts responsibility to respect the rights and privileges of others and chooses behavior that does not put others in danger.

### **Entry into Residence Halls**

Persons entering into a residential area or seeking a specific room in a residential area must enter through the main door of that building. No exterior doors may be propped open at any time for any reason. Propping doors open creates a safety and security hazard by enabling unrestricted entry by anyone, including unauthorized and potentially dangerous persons, into the building. It puts everyone in the building at risk. Entry into a residential area in any other way is strictly prohibited and a fine or disciplinary action may be assessed.

### **Prohibited Activities**

An activity which may cause damage to property or to persons is prohibited on campus, including residential areas. Examples of prohibited activities include athletic and recreational activities appropriate to a gymnasium or athletic facility conducted in areas not specifically designed for such activities. These activities include, among others, ball throwing and bouncing, baseball, basketball, Frisbee throwing, boxing, hockey, golf, mattress slides, racquetball, skateboarding, skating, soccer, throwing water balloons, using water guns, and bicycle riding. Bicycles may be brought onto University property but can be kept in student rooms only if the roommate grants permission. Bicycles may not be stored in hallways or stairwells since doing so poses a safety risk and is a violation of the fire code. Violations may result in fines or other disciplinary action.

Students are also responsible for maintaining their rooms or apartments in a clean and safe condition. This responsibility includes (but is not limited to) limiting noise, not having fire/candles, no possession of alcohol, alcohol paraphernalia, drugs or drug paraphernalia; not misappropriating items; not inflicting damage; and so forth. If a potentially unsafe condition is discovered in a residential area, students are to

notify their area Resident Assistant, a member of the residence life staff, or the maintenance department promptly upon discovery.

## **Windows and Balconies**

For safety reasons, nothing is to be hung or thrown out of the windows. No one is permitted to sit on windowsills, remove window screens, or endanger themselves or others by hanging out of windows or from balcony railings. Entry or exit through windows or balconies is prohibited. Violation of any of these safety rules will be referred to the Averett University Conduct System for disciplinary action. Items placed on balconies are subject to removal by Residence Life if the items are deemed unsafe. Balcony lights are not to be tampered with or obstructed in any way and should remain on when dark outside.

Because of the significant risk of injury, students are not permitted on any residence hall roof for any reason. Violations of this rule should be reported to Campus Safety and Security immediately.

## **Guests**

In order to maintain a reasonable and safe living and learning environment in campus housing, visitation rules apply to students, non-residential students, and guests who do not reside in a particular room, suite, floor, apartment, or building. The Residence Life team may restrict guest privileges if it is determined that the presence of one or more guests may be contributing to a negative or unsafe living and learning environment. Visitation hours are:

Sunday-Thursday      9:00 a.m. – Midnight

Friday-Saturday      9:00 a.m. – 1:00 a.m.

Any student hosting an overnight guest, who is a non-student, must register the guest with the Office of Residence Life or Campus Safety and Security. Overnight guests who have not been registered may be required to leave the campus. Guests are not permitted to stay on campus for more than three consecutive nights. Students are held responsible for the conduct of their guests and for escorting their guests at all times during their visit on campus. Misconduct by a guest may result in disciplinary action taken against the student host.

## **Crime Prevention Practices**

### **Lighting and Maintenance**

Averett University recognizes the importance of safety and regularly assesses areas that may need repairs to or replacement of lighting on campus. But as in every community, the more people looking, the safer our campus will be. If there is a hazard, broken light, or other unsafe condition at a Danville Averett location, use the maintenance request link on the Housing and Residence Life page of the Averett Student Life website or use the “Maintenance Request” link on the Student Tools or Faculty & Staff pages. For GPS non-Danville locations, send an email describing the hazard or condition and giving its exact location to [cpearce@averett.edu](mailto:cpearce@averett.edu).

## Education Programs

Campus Safety and Security works with Student Life and Human Resources to take a proactive approach to crime prevention. The goal of the University's crime prevention and security awareness programs is to eliminate or minimize criminal opportunities and to encourage students, faculty members, and staff members to be responsible for their safety and the safety of other members of the Averett community.

### Traditional Campus Program

During new student orientation and open houses, students and their families are informed about the types of crime that occur on campus and introduced to the prevention resources offered by Campus Safety and Security and Student Life. During the 2019-2020 academic year, students were involved in programs about general safety and security awareness using a town hall format. These programs addressed safety, alcohol abuse, domestic violence, fire safety, emergency response and evacuation procedures, sexual assault prevention, and theft prevention:

- Fire safety for resident assistants
- Town Hall meeting for Danville students living off campus with the Dean of Students, Chief of Campus Safety and Security; Assistant Dean and Title IX Coordinator, the Director of Residence Life, and a representative from the Danville Police Department.
- Programming in the residence halls on healthy relationships, sexual harassment, and alcohol and drugs
- Title IX training included information on how and why to report, to whom to report, and discussions of case studies was provided to:
  - resident assistants
  - Graduate Assistants
  - Coaches and members of the athletic teams
  - First year students participated in the Title IX Game Show. This event was designed to have a fun interactive way to educate new students about Title IX. Students were engaged throughout the entire show. Questions were related to Averett's policy and students were able to win prizes for the correct answers.
- Alcohol Education Class was given to students who received alcohol citations in the residence halls. The course was taught by the graduate assistants to bring awareness to students about drinking habits.

Events also included:

- Red Flag Campaign (October): To educate student on dating violence and healthy relationships. This was a table event by the Student Success Center with giveaways: bracelets, buttons, and handouts regarding healthy vs. unhealthy relationships. Next, students to sign a white sheet pledging that they will say something if they see a red flag in a relationship. The sheet was hung on the railing. A handout was given to the students to education them on how to spot a red flag in their relationship or their friends' relationships.
- Take Back the Night (October): An awareness and education event to end sexual assault, domestic violence, dating violence, sexual abuse and all other forms of sexual violence.

- Love & Liquor was an educational seminar for our new students. A guest speaker presented about alcohol, drugs, healthy relationships, love and sex. Students used clickers to answer questions, so the data was live information for the students to see.

Annually, the University offers numerous campus safety and crime prevention programs to students through groups, organizations, and residence halls. There is a requirement that residential students attend at least one presentation on campus safety and crime prevention in the residence hall.

### **Graduate and Professional Studies Program**

Students in the GPS program do not have the same security and safety issues as residential students in the traditional campus program. GPS students normally are present on University-controlled property only a few hours a week or not at all if they are enrolled in an online program. GPS students do not reside in campus residential facilities.

### **Employees**

A representative from Campus Safety and Security provides a security awareness presentation to employees; typically at new employee orientations and/or faculty/staff meetings. New employees receive information about alcohol use and the University's EAP. Employees are reminded of security concerns and awareness through communications such as "CoffeeBreak," as appropriate, communications and opportunities for training offered by the University's risk management team. Employees who work in programs, such as summer camps, with minor children also complete training regarding the recognition of child sexual abuse.

## **Crime Prevention Policies**

These policies and others that apply to being a student at Averett University are available in the Student Handbook which is provided to students annually and are available on the Student Life page of the Averett website. Policies that apply to employees are found in the Employee Handbook and in the Policy Library located on the University intranet.

### **Safe Hiring Practices**

To help maintain a safe, trustworthy community, Averett University requires a criminal background check be conducted for each non-student employee and each volunteer as part of the hiring process. This requirement applies to fulltime and part-time employees, volunteers, and graduate assistants, regardless of where the employee is located. The background check includes a national database search, sex offender registry search, and local criminal checks based on the residence history of the employee. Persons with non-existent criminal history or one that includes only non-serious or non-violent offenses that are sufficiently far enough in the past to pose a minimal risk to the community are permitted to proceed with the hiring process. Persons with a criminal history may be required to provide documents and explanations to Human Resources for evaluation as part of the hiring decision-making process. The goal of the University is to employ highly qualified individuals who do not pose a risk to the safety and security of the Averett community.

## Campus Violence and Threat Management

Acts or threats of violence must be reported to University personnel in order to enable the University to take appropriate action to protect the safety of all members of the Averett community. Reports of events, incidents, or concern in the Danville area should be made to Campus Safety and Security at 434-791-5888. If it is an emergency situation, also contact 911. For locations other than in Danville, first contact the local police department and then notify Campus Safety and Security.

Reports concerning behavior that could be a safety concern, even if not a direct threat, should also be reported. Some examples of these types of behavior that should be reported are:

- Reference to or discussion of planning a violent or destructive event;
- Comments about harming people; or
- Extreme and inappropriate reactions or responses such as severely angry outbursts, suicidal comments, or threats of harm.

Reports of such behavior may be made to Campus Safety and Security; the Dean of Students or Residence Life on Call if a student is involved, or the Director of Human Resources if an employee is involved.

## Threat Assessment Team

The University has a Threat Assessment Team (TAT) that is charged with creating a best practice threat assessment operating environment. The TAT exists to facilitate a multidisciplinary, coordinated response to reports of students, employees or other individuals on campus who have engaged in behavior indicating a possible threat of harm to self or other members of the campus community. The team is comprised of faculty and staff including the Director of Human Resources, the Dean of Students, the Chief of Campus Safety and Security, and the Director of Counseling Services.

The team has been established to:

- Respond to possible circumstances of violence or threatening behavior;
- Respond quickly to behavior indicating a potential risk to self or others;
- Determine if a realistic threat is present and act accordingly;
- Coordinate and assess information from faculty, administrators, students, and local authorities;
- Notify, within FERPA guidelines, parents, guardians or next-of-kin;
- Identify resources for troubled students and make referrals to appropriate campus resources and off-campus agencies, including helping with the securing of therapeutic actions such as treatment or counseling; and
- Periodically assess outcomes of actions taken.

## Weapons on Campus

The possession, carrying, storage, or maintenance of any weapon by a member of the University community, with the exception of law enforcement officials and other individuals authorized by policy, is prohibited on University property or while on official University business. Students and visitors are also prohibited from the possession, carrying, storage, or maintenance of: Ammunition, pellet guns, air guns, airsoft guns, paint ball guns, bows and arrows (other than as appropriately used in a class overseen by a faculty member), slingshots, Tasers, knives (other than eating utensils or a folding pocketknife with a blade of less than 3 inches), toy/counterfeit/replica/blank firing firearms, dangerous chemicals, substances, or materials, explosives, or incendiary devices prohibited by law, even if such item is legally possessed.

Because of the risk of being identified as a real weapon, any toy, prop, or other item that looks like a weapon and is used for any purpose on University property must be reported to and approved by the Chief of Campus Safety and Security for the University prior to being used in any activity. Examples of activities for which prop weapon use may be approved include theatrical performances and class presentations. If faculty need to use a weapon or a facsimile for class or a theatrical production, specific approval from the Vice President of Academic Affairs and Student Success must be obtained in advance.

## Alcohol & Drug Abuse Prevention Policy

In addition to being a crime, certain uses of alcohol and all uses of illegal drugs are linked clearly to other criminal activities such as violence against others, driving while impaired, or stealing money to buy alcohol or drugs. Averett University prohibits the possession or use of illegal drugs or alcohol by students on any campus or University location, except persons of legal drinking age may have alcohol when ‘tailgating’ at athletic events. Violators are subject to disciplinary measures as well as prosecution through appropriate legal channels when applicable.

The prohibition of alcohol includes, but is not limited to:

- Drinking alcohol on campus;
- Possessing alcohol, alcohol beverage containers (even if empty), or drinking paraphernalia (used for drinking games or quick consumption of alcohol);
- Being intoxicated or under the influence on campus;
- Use or possession of alcohol on University sponsored trips;
- Drinking alcohol while under the age of 21, on or off campus;
- Providing alcohol to a minor, on or off campus; and
- The possession of false identification, on or off campus.

The prohibition against illegal drugs in the campus policy includes, but is not limited to:

- Using, possessing, or distributing illegal drugs on campus;
- Possessing drug paraphernalia on campus;
- Using, possessing, or distributing illegal drugs on University-sponsored trips, and
- The misuse or illegal distribution of prescription medications.

If a student is charged with a violation of law, Averett University will consider initiation of its own disciplinary proceeding independent of pending or completed court actions. Behavior off-campus may also be subject to disciplinary action. Violations of the drug and alcohol use policy can result in disciplinary consequences up to and including termination of association with the University.

All new students in the traditional program are required to attend a new student orientation which includes educational and preventative programming on alcohol and drugs as well as sexual harassment. Student Life offers educational programs throughout the year on alcohol, drugs, healthy relationships, and health and wellness.

Under the Drug-Free Schools and Communities Act, the U.S. Department of Education requires that Averett University provide employees with written notice of the prohibition of the unlawful possession, use, or distribution of illegal drugs and alcohol. In addition, newly hired employees are provided a copy of the National Institute of Health's publication, "Rethinking Drinking." As a community, Averett seeks to maintain a work and school environment free from the adverse effects of drugs and alcohol. Unless specifically exempted through approval by the Office of the President in connection with an approved event, the following actions constitute violations of the University's policy and are applicable to all employees:

- Consumption and/or possession of alcoholic beverages on campus.
- Being under the influence of alcoholic beverages or illegal substances on campus.
- The illegal possession, use, distribution and sale of controlled or illegal substances.
- The use of University funds for the purchase of alcoholic beverages.

The Employee Assistance Program provides confidential access to information and services on counseling, treatment and rehabilitation programs for Averett faculty and staff. Other resources available to members of the Averett University community who are experiencing problems with drugs and/or alcohol include:

- Alcohol and Drug Abuse Helpline: 1-800-ALCOHOL (252-6465)
- Al-Anon/Alateen: 1-888-4AlAnon (425-2666)
- Alcoholics Anonymous (AA): [www.aa.org](http://www.aa.org)
- Substance Abuse and Mental Health Services Administration (SAMHSA): 1-800-662-HELP (4357)
- Narcotics Anonymous (NA): <https://www.na.org/>
- National Clearinghouse for Alcohol and Drug information (NCADI): 1-800-729-6686

## **Crime Response Policies**

Averett University encourages students, employees and visitors to be responsible for their own safety and the security of their property. Support safety and security efforts by reporting unusual or suspicious circumstances to Campus Safety and Security or local police promptly. Crime prevention is the most effective solution. However, at times, the Averett community may face dangers to its safety and security and needs to be prepared to respond.

## Missing Persons

If a member of the Averett University community believes that a student who resides in on-campus housing is missing, the Averett University Campus Safety and Security department should be notified immediately at 434- 791-5888 or extension 15888. Campus Safety and Security will generate a missing person report and contact the Danville Police Department to initiate an investigation. The Campus Safety and Security and the Residence-Life departments will work closely with Danville Police Department to support such investigation to locate the missing person

Each student residing in on-campus housing identifies a general emergency contact as part of housing registration. In addition, the student may designate a person who is to be contacted by Averett University in the event the student is determined to be missing. This missing person contact is kept confidential and the information is shared only with appropriate University personnel. Upon determination that a student is missing, the designated contact will be notified. If a missing student is under 18 years of age and is not emancipated, the student's custodial parent or guardian will also be notified. A student is deemed missing if unreachable via personal contact, telephone, email, or other electronic communication for 24 hours or longer.

## Timely Warnings

Timely warnings notify members of the Averett community of certain crimes in a manner that is timely and will aid in the prevention of similar crimes. The intent is to warn community members of a criminal incident so as to enable people to protect themselves and to increase safety awareness. The warnings may also include requests for information that could lead to the arrest and conviction of an offender when violent or substantial crimes have been reported. Timely warnings may be issued for aggravated assault, arson, burglary, criminal homicide, dating violence, domestic violence, motor vehicle theft, robbery, sex offense, and stalking if the crime is determined to pose an ongoing threat to the Averett University community. The decision to issue a timely warning is based on specific criteria:

- Was the suspect identified?
- Was the suspect apprehended?
- Does the suspect have history of arrests, reports, complaints, or violent behavior?
- Did the incident involve actual or threatened physical violence?
- Were there multiple victims, actual or threatened?
- Was it an isolated incident with a specific targeted victim?
- Is the incident part of a pattern of behavior (by person, group organization or around a recurring event, activity or location)?
- Were date-rape or similar drugs or intoxicants used?
- Did the incident involve a victim who was unconscious, physically helpless or unaware?
- Was the victim/intended victim under 18 years of age?
- Were there aggravating circumstances or indications of predatory behavior that could indicate a serious or ongoing threat to members of the University community?

Timely warnings will include information about the crime or crimes that trigger the warnings but will not include information that will enable identification of victims. These warnings will include other information that the University believes will help community members protect themselves such as a description of suspects or tips of how to deter theft. The content of a warning will be based on the nature

of the threat, the information available at the time it is issued, the risk of compromising official law enforcement investigations, and other factors relating to the circumstances.

The Chief of Campus Safety and Security is responsible for issuing timely warnings to the University community. Timely warnings are distributed to University email addresses and through text messages through the LiveSafe messaging system. This policy applies to all University locations.

Timely warnings are made for crimes specified in the Clery Act. Other dangers to the Averett community are addressed through emergency communications as described in the Emergency Management section of this report.

## **Clery Act and Title IX Considerations**

The University has specific policies and procedures, for Clery Act crimes and Title IX sexual harassment violations, designed to ensure that criminal incidents and misconduct on Averett property, as a part of an Averett event/program, or involving Averett students or personnel are reported to Campus Safety and Security, the Title IX Coordinator, and other responsible personnel. The University also has policies and procedures in place to assure that appropriate supportive measures and assistance are provided to members of the Averett community who experience or are affected by such events.

Many employees of Averett University are Campus Security Authorities (CSA) and as such are obligated to notify the Campus Safety and Security department if Clery Act crimes are reported to them by students or other employees. CSAs must report the information regarding incidents even if the information was shared with them in confidence, but may withhold the identity of the victim or reporting person unless it is a case of sexual misconduct. CSAs are notified of their role and trained on their responsibility through several means including meetings and online training.

The University's sexual misconduct policy requires the University to respond to reports of behavior that violates or falls under Title IX of the Education Amendments of the 1972 (Title IX); Title VII of the Civil Rights Act of 1964 (Title VII); the Violence Against Women Reauthorization Act of 2013 and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). In August 2020, the University updated its policy regarding sexual harassment to reflect its commitment to:

- Eliminating, preventing, and addressing the effects of Title IX prohibited conduct which includes quid pro quo harassment, sexual assault, dating violence, domestic violence, stalking, sexual or gender based hostile environment harassment, non-consensual sexual contact or intercourse, sexual exportation, intimate partner violence, and retaliation against a person for the good faith reporting of these types of conduct or participation in an investigation or proceeding relating to reports of these types of conduct.
- Maintaining the University community's trust as a place in which such prohibited conduct is not tolerated
- Cultivating a climate in which all persons are informed and supported in reporting such prohibited conduct.
- Providing supportive measures to persons affected by prohibited conduct or reports thereof
- Providing a fair and impartial process for investigation and resolution of reports of prohibited conduct which can include voluntary mediation or a hearing in front of an unbiased hearing officer

Any member of the University community (employee, volunteer, or student) who violates the sexual harassment or discrimination policy may face disciplinary action up to and including termination or permanent dismissal from the University. The University will take prompt and equitable action to eliminate prohibited conduct, prevent it from recurring, and remedy its effects. Awareness and training programs are provided to facilitate these outcomes. Prohibited conduct under the sexual harassment policy is prohibited regardless of the sex, sexual orientation, or gender identity/expression of the persons involved.

All members of the University community are strongly urged to report prohibited behaviors so that they can be reviewed, investigated, and addressed appropriately for the well-being of the community members. The full policy and further information is available for review on the Averett University website. Students have access to confidential reporting sources (Chaplain and Campus Counselor) as well as an anonymous reporting form on the Campus Safety and Security website and through the LiveSafe app. The University has an obligation to investigate and take action to investigate and remediate such events as part of the efforts to fulfill its Title IX requirements to provide a non-discriminatory environment. Supportive measures for the protection of persons who have been the target of or accused of such conduct include mutual no-contact orders, safety planning with the Chief of Safety and Security, academic accommodations (including changes to course schedules, free withdrawal and retake of courses, extensions, etc.), changes to housing and/or work arrangements, access to counseling and/or medical care, and other campus-based measures. Supportive measures continue as long as needed to assure the safety of community members

## **Sexual Assault and VAWA Crimes**

Sexual assault is a significant concern on American college campuses, including Averett University. In compliance with Title IX and the Violence Against Women Act, the University responds to all allegations of sexual misconduct, including sexual harassment, nonconsensual sexual contact, non-consensual sexual intercourse, and sexual exploitation, in a prompt and unbiased manner. The Averett University Campus Safety and Security department, Dean of Students Office, Human Resources department, and Counseling Services are responsible for programs to prevent and to provide appropriate response to reports of sexual assault involving University community members.

### **Prevention of Sexual Assault and Misconduct**

Averett University is dedicated to providing information and resources to the University community about sexual assault prevention and awareness, intimate partner violence prevention and awareness, stalking resources and prevention. The following programs are offered to all students enrolled at the Danville traditional campus, and are available to a limited extent to students enrolled in the distance/adult education programs offered through the GPS program.

#### **New Student Orientation**

During new student orientation, prior to the start of each semester, new students on the traditional campus are provided information about various in person and online resources that the University provides, phone numbers are on the back of every new ID card, and instruct them in the steps of being a good bystander.

#### **Reporting Sexual Harassment**

To help ensure that incidents of sexual violence, dating and domestic violence, and other forms of violence are promptly and correctly addressed for the safety of the Averett community, Averett University has

policies in place that encourage those who become aware of such incidents to report them. Certain employees who are CSAs are required to report information to Campus Safety and Security. To protect personal rights, the policies do not require the victims or survivors to report. The University also works to ensure that members of the Averett community are aware of the need to report sexual assault and other crimes of violence to help increase campus safety. The University Chaplain and the Director of Counseling Services are confidential reporting resources who do not report any personally identifiable information or specific details, but report only the date/time, nature of the crime/prohibited behavior, and location. This information is necessary so that the University can be aware if there are particular patterns of crime/prohibited behavior which must be addressed (such as increased patrols at certain times or places).

Reports of prohibited conduct under the University sexual harassment policy may be made through the LiveSafe app or in person, by phone or email to:

<b>Department of Education</b>	Office of Civil Rights	<a href="http://www.ed.gov/about/offices/list/ocr/complaintintro.html">http://www.ed.gov/about/offices/list/ocr/complaintintro.html</a>  <a href="mailto:ocr@ed.gov">ocr@ed.gov</a>

Averett University is committed to maintain a safe and healthy education and work environment in which no one is excluded from participation, denied the benefits of, or subjected to discrimination or harassment in any University program or activity on the basis of gender, sexual orientation, or gender identity/expression. Members of the Averett community (students, staff, faculty, volunteers, vendors, and visitors) have the right to be free from sexual harassment and are expected to conduct themselves in a manner in accordance with this policy. Sexual harassment violates the dignity of individuals and will not be tolerated. The University seeks to eliminate sexual harassment through education and by encouraging everyone to report concerns or complaints, including third parties when the accused is a member of the University community. The University is committed to stopping sexual harassment, preventing its recurrence, eliminating any hostile environment, and remedying its discriminatory effects.

This policy applies to all allegations of sexual harassment that take place on University property or at University-sponsored events, including athletic events, and theatre, music, or other performances. The policy applies regardless of the medium used including, but not limited to: physical, verbal, visual, online/electronic/social media. This policy is not intended for, and will not be used to, infringe on academic freedom.

The University has a compelling obligation to address allegations and suspected instances of sexual harassment. The University may take actions it deems appropriate, including informing the accused individual(s) of the allegations and pursuing an investigation. The University's disciplinary response may be limited if the accused is a visitor, other third-party, or is not subject to the University's jurisdiction such as a student who is no longer enrolled or a former employee.

Romantic and/or sexual relationships between individuals in a supervisory, teaching, evaluation, advising, coaching, or counseling relationship constitute a conflict of interest and may violate the University's Non-Fraternization Policy. If an allegation of sexual harassment is made, the University may take disciplinary action, if appropriate, under both policies.

It is a violation of this policy for anyone to knowingly or with reckless disregard for the truth make false allegations of sexual harassment. Corrective action or sanctions may be imposed on individuals who do so. The absence of a finding of a policy violation is not equivalent to a false allegation.

Decisions affecting an individual's employment or academic status, based on allegations of sexual harassment may be considered only if they have been addressed through a hearing under this policy/procedure, a court of law, or other legal administrative proceeding.

The University will:

- Investigate allegations of sexual harassment.
- Provide supportive measures and access to resources to support and protect the parties involved.
- Apply a fair and unbiased hearing process to adjudicate incidents of misconduct.
- Relay findings in writing to all parties.
- Impose appropriate sanctions on persons found to have violated this policy which may range from training (mild) to termination of relationship from the University (serious).
- Comply with state law requiring a notation on transcripts of students who are found to have engaged in behavior prohibited under the policy.

Please access the full policy for detailed information on how the University achieves each of these steps, more complete information on resources and alternatives, and examples of prohibited conduct.

## Finding Assistance

### SUGGESTED ACTIONS FOR VICTIMS OF SEXUAL MISCONDUCT

#### **Ensure Your Physical Safety.**

Campus Safety and Security officers are on duty 24 hours a day, 7 days a week and can provide you with both on- and off-campus resources. Call the Campus Safety and Security Department (434-791-5888) or dial 911.

#### **Seek Medical Assistance and Treatment.**

Local options for emergency medical care and collection of personal evidence include Danville Regional Medical Center located in Danville, Virginia (434-799-2100).

It is crucial that you obtain medical attention as soon as possible after a Sexual Assault to determine the possibilities of physical injury, to prevent or treat sexually transmitted diseases, and/or to screen for the presence of sedative drugs such as Rohypnol or GHB (date-rape drugs). University staff can help you contact a support person, such as a family member, friend, or roommate.

If you choose to have an evidence collection kit (or “rape kit”) completed, it is important to do so within 120 hours of an assault. Even if you have not decided to file charges, it is advisable to have the evidence collection kit completed so that you can preserve the options of obtaining a protective order and/or filing criminal charges at a later date.

In order to best preserve evidence for an evidence collection kit, it may be advisable to avoid showering, bathing, going to the bathroom, or brushing your teeth before the kit is completed. You should also wear (or take with you in a paper – not plastic – bag) to the hospital the same clothing that you were wearing during the assault. An evidence collection kit can still be completed even if you have showered or bathed.

You can visit [www.notalone.gov/students](http://www.notalone.gov/students) for additional information and resources.

#### **Obtain Emotional Support.**

The University Counselor and the University Chaplain can help victims sort through their feelings and begin the recovery process as they are trained to provide confidential crisis intervention on short-term and emergency issues. They can also provide referrals for outside providers and law enforcement.

Counseling is free of charge to all students. In some instances, the law may require the disclosure of information shared by students with counselors; however, absent a legal mandate to the contrary, counseling services are confidential, are not part of students’ University records, and will not be reported to other University personnel.

The University Chaplain can provide pastoral counseling which is also confidential, not part of students’ records, and not reportable to other University personnel except in instances where the law may require the disclosure of information shared by students with counselors.

#### **Obtain Information and Report Misconduct.**

Even if you have filed a report directly with law enforcement, you are encouraged to report incidents of sexual misconduct to the University’s Title IX Coordinator or a Responsible Employee. These University personnel can help you access resources and can provide you with support and additional information.

## **Sex Offender Information**

The Campus Sex Crimes Prevention Act of 2000 requires colleges and universities to issue a statement informing the campus community where law enforcement information may be obtained concerning registered sex offenders. Sex offenders are required to register in a State and to provide notice of each higher education institution in that State, at which the person is employed, carries a vocation, or is a student. This registry, in Virginia, is available via the internet and may be used only for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Use of this information for the purpose of intimidating or harassing another is an unlawful, prohibited and a willful violation shall be punishable as a Class 1 misdemeanor. The Virginia State Police maintain this registry: <http://sex-offender.vsp.virginia.gov/sor/>.

## **Emergency Management**

Averett University strongly believes in a comprehensive approach to protecting our community and being prepared for emergencies. We work every day to make all of our locations safer. In an emergency, good communication is a key element for successful management. Averett is committed to providing information to the community if there is an emergency, disaster, or potential disaster immediately upon determining the nature of the emergency.

### **Emergency Notification**

Averett University has a number of communication tools that can be used to notify students, faculty, staff, and visitors in the event of a significant emergency or dangerous situation on campus that may involve an immediate threat to the health or safety of the campus community. Averett will initiate these communications, without delay, once first responders confirm a significant emergency or dangerous situation exists.

The LiveSafe alert system provides simultaneous notification of an emergency via text message, email, and website. The system accommodates multiple contact numbers for each person registered in the system. A single message can be sent to all participants in the system or special messages can be directed to specific populations such as the Emergency Management Team, Emergency Operations Team, students, faculty, staff, or those associated with specific locations that are affected. Students, faculty and staff members must download the app

In considering the safety of the campus community, the University Public Information officer, working with student life and campus safety and security personnel, will determine the content of the notification system and initiate communication unless, in the professional judgment of responsible authorities, compromise the efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

### **Tests and Drills**

Averett University assesses its emergency response plans and systems each through scheduled drills and exercises and appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities. On the Danville main campus, the emergency communication system, including fire alarms, is tested throughout the year as well.

### **Emergency Management Committee & Team**

The University Emergency Management Team meets periodically throughout the year to participate in emergency exercises, including University exercises local exercises, and state exercises, to improve preparedness measures. The Emergency Management Team also participates in writing and updating plans and procedures for emergencies on campus. The team is chaired by the Vice President and Chief Financial & Operating Officer and consists of the Dean of Students, as well as faculty members and administrators from various departments across the University.

### **Emergency Response Plan**

A primary goal of the University Emergency Management Team is to provide a safe environment for students, faculty, and staff members. The emergency response plan documents the framework, processes

and communications required for a success response to and recovery from an emergency incident. The plan includes descriptions of categories for classifications of emergency incidents, as well as specific responsibilities and actions by level. The emergency plan will be employed only when there is an actual or imminent threat to a large population. If or when an emergency or crisis strikes, Averett University will need to be prepared to address the initial impact of the disaster until further assistance can be given. Following the plan means the number of casualties and the amount of destruction suffered during an emergency can be reduced and order maintained. Upon notification of an actual or impending disaster, the University President or designee will activate the emergency operations plan and initiate the specific emergency response phase of operations. The emergency operations center may also be activated and other appropriate actions taken.

Averett University safety and security officers and other key personnel have received training in responding to critical incidents. Campus Safety and Security works together with local law enforcement and emergency responders to manage situations and incidents.

The Averett University emergency operations plan will be activated upon noticeable threat of an impending emergency or disaster at the University or in the surrounding areas. It is a decision making tool and a guide for information collection and dissemination during an emergency. The Emergency Management Team is responsible for administration of the emergency plan.

## **Emergency Closing**

The authority to close the University's Danville traditional campus, to cancel classes or to maintain academic activity is delegated to the Vice President of Academic Affairs and Student Success, when classes are in session and to the VP & CFO/COO when classes are not in session, who makes decisions in consultation with the President and the President's Council. Academic and administrative units are expected to abide by any decision made regarding operating status. The decision to close the University's GPS locations, to cancel classes, or to maintain academic activity is determined by GPS administrators based on local conditions for each location in light of student and faculty safety.

## **Building Coordinators**

Building Coordinators are a vital part of the University's emergency preparedness and response protocols. Members of the University community should familiarize themselves with the responsibilities of Building Coordinators and identify the coordinators for the buildings they use most often.

Building Coordinators are expected to ensure that an emergency evacuation plan is in place for their assigned building(s) or floors. The plan will include, but not limited to:

- Education of new employees on basic evacuation procedures;
- Ensuring that building evacuation routes and charts are posted near exits;
- Being familiar with all exits out of the building;
- Identification of assigned assembly points for building evacuees;
- Having a contingency plan for evacuation of persons with physical disabilities;
- At the assembly point, provide information between the Emergency Management Team and evacuees;

- Prevent reentry into the building until the all-clear has been given;
- During an evacuation, maintain a record of all personnel reporting to the assembly area;
- Maintain the Building Coordinator emergency kit.

## Shelter-in-Place

Sheltering in place provides refuge for students, staff, and others inside a school building during an emergency. Shelters are located in areas of the building that maximize the safety of inhabitants. Sheltering in place is used when evacuation would put people at risk such as during a tornado, environmental hazard, or blocked evacuation route. Shelter areas may change depending on the emergency. Safety steps to be followed:

- Identify safe areas in each building;
- Building Coordinator announces that students, staff, and faculty must go to shelter areas;
- Bring all people inside buildings;
- Instructors take class rosters;
- Close all exterior doors and windows;
- Turn off ventilation leading outdoors, if appropriate;
- Instructors account for all students after arriving in shelter area;
- All persons remain in shelter areas until a building coordinator or emergency responder declares that it is safe to leave.

## Covid-19 Safety

The health and safety of all members of the University community is of paramount importance. Not all threats to the health and safety are crime or disaster related. Early in 2020, the covid-19 virus was identified as a potential threat to the health of the University community members. In response to this danger, the University has taken significant steps to prevent or reduce the health risk:

- A Core COVID-19 Campus Team (CCCT) was formed to continuously evaluate the risk and to make decisions to protect the community. The team consists of all members of the University executive leadership team, the Director of HR, and the Executive Director of Marketing and Communications. The COVID-19 Coordinator convenes the team.
- In March 2020 all classes were moved to an online format and students released from the residential setting to reduce risk.
- Fall 2020 classes were delivered in a variety of formats including in-person, hybrid, dual-delivery, and online. In-person sessions (classes, meetings, and other activities) were subject to a series of requirements based on recommendations from the Centers for Disease Control and the Virginia Department of Health:
  - Students and employees are required to complete daily health checks which are then reported and reviewed
  - All persons on campus are required to wear face coverings at all times inside of campus buildings except when in a room alone or with a roommate
  - All persons are required to maintain a social distance of 6-feet apart and classroom and meeting room capacity has been reduced accordingly

- Persons with specific health concerns or factors that may place them at increased risk of illness from the virus are provided accommodations to enable them to work and study without undue risk to their health
  - All rooms were thoroughly disinfected and employees provided with cleaning supplies to maintain a sanitary environment; faculty members assure that classroom areas (tables, chairs, etc.) are wiped down prior to the start of each class session
- The Dean of Students and Director of Human Resources, working with the COVID- 19 Coordinator (Vice President and Chief Financial and Operations Officer), are responsible for assuring that students and employees comply with the health safety requirements in the University's opening plans and for initiating appropriate corrective action as needed.
- The University maintains a written plan for its operations under the Covid-19 pandemic on its website which is updated as needed for as long as it is needed. Please see <https://www.averett.edu/student-life/campus-security/livesafe/> for details.

## Fire Safety Report

The Campus Fire Safety Right-to-Know Act is an amendment to the *Higher Education Opportunity Act*. This amendment is intended to increase campus fire safety awareness across the nation by providing students, families, and other interested persons with the fire safety records of colleges/universities. This amendment requires post-secondary institutions to publicly display fire safety information and statistics, much as they do with other safety statistics. The information provides students and other members of the University community of the policies, concerns, and fire safety conditions that are present at Averett University.

### Fire and Fire Alarms

If there is a fire or a fire alarm sounding, the most important thing is for everyone to evacuate the building safely. Each student and employee should familiarize themselves with the evacuation routes for the buildings they frequent. Never assume that a fire alarm is a drill or a false alarm. Always remain calm and evacuate the building. Evacuation is mandatory; anyone who fails to evacuate may face disciplinary action. Follow instructions given by emergency responders and do not re-enter the building until authorized. If someone has information regarding the alarm, provide that information immediate to the responding emergency personnel.

Report all fires or the presence of smoke by calling 911 immediately and alerting the Campus Safety and Security department at 434-791-5888. Be sure to identify the building, floor, and location. Even if a fire has been extinguished, notification should be made to assure that the fire is completely out, there are no other fires, the facility is safe, and so that an investigation can be made.

### Evacuation Procedures

In the event of a fire, it is the policy of Averett University that all occupants (faculty, staff, students, visitors, etc.) will evaluate by the nearest exit, closing doors and activating the fire alarm, if it has not already sounded. Once safely outside, it is appropriate to contact 911 and the Campus Safety and Security department. No training is provided to students or employees in fire-fighting or suppression because that activity is inherently dangerous, and each person's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they leave, if needed. No activity should be permitted to delay exit from the building.

Evacuation plans are posted in each building that show the floor plan, exits, and suggested evacuation routes. Evacuation procedures are as follows:

- If an alarm sounds, assume it is a real alarm, remain calm, and evacuate the facility.
- Close all windows and leave the overhead light on.
- Before opening any door, feel the door; if it is hot, do not open it. If it is not hot, brace yourself against the door, open it slightly, and if heat or heavy smoke are present, close the door and stay where you are.
- If you cannot leave the room, open the window, hang a sheet or other light colored object out of the window to attract the attention of emergency personnel and then close the window. Limit movement and talking.

- If you have access to a phone, call 911 and report that you are trapped. Remain calm and give the room number and building location. Stuff towels, sheets, or similar materials under all doors leading into corridors and stay close to the floor if smoke enters the room.
- If conditions allow you to leave the room, close, but do not lock, the door and walk directly to the nearest exit and leave the building.
- If you are away from your dorm room or office when the alarm sounds, do not return to your room, but leave the building via the nearest exit.
- Do not use elevators.
- Once you have exited the building, stand clear of it and report to a designated check-in area.
- Follow the directions of fire and police personnel and do not re-enter the building until they give permission to do so.

Some types of chemical accidents or attacks may make going outdoors dangerous. Leaving the area might take too long or put you in harm's way. In these cases, it may be safer to stay indoors than to go outside. In case of a chemical accident or attack, please:

- Close doors and windows.
- Do not exit the building.
- If possible move to an interior, windowless room on an upper floor.
- Close all doors to the outside and lock all windows.
- Wet towels or other fabric items and jam them in the crack around the door. Use plastic (trash bags work well) to cover all windows and doors. Use tape to seal the edges of the plastic.
- Turn off fume hoods, range hoods, air handlers, and all air conditioners. Switch inlets to the "closed" position.
- Seal off all vents, grills, or other openings to the outside to the extent possible.
- Minimize the use of the elevators in the building – they tend to 'pump' outdoor air in and out of a building as they travel up and down.
- If you become bothered by the gaseous release, hold a wet cloth or handkerchief over your nose and mouth.
- If you experience breathing difficulties, contact Campus Safety and Security (434-791-5888) and request immediate medical assistance.
- Monitor local media for further information and guidance.
- Do not evacuate the building unless told to do so by Campus Safety and Security or local law enforcement or fire department.

## Fire Safety in Student Housing

Because safety is the paramount concern for students living in University housing, there are a number of requirements and restrictions that must be followed.

### Maximum Occupancy

Residential areas on campus cannot accommodate large groups of people. Local fire regulations limit the maximum occupancy for a suite area in Fugate Hall to no more than 12 people at any one time. Other rooms on campus are limited to no more than three times the number of occupants living in the room or apartment. So a room that houses two students may not have more than six people in the room at any given time.

## **Tampering**

It is illegal to tamper with or damage the fire or safety equipment (including extinguishers, fire doors, smoke detectors, alarm bells, exit signs, or emergency call devices). If tampering or damage is found, an automatic fine will be assessed against the student or students responsible along with possible dismissal from the University. If equipment is tampered with or damaged and the responsible person cannot be identified, the cost of repair will be assessed equally among each resident student of the residence hall area or apartment involved. Tampering with or damage done to smoke detectors or emergency call device in individual rooms or apartments will result in an automatic fine for a first offense and a larger fine for each additional offense. Tampering includes removing the smoke detector battery or false activation of an emergency call button.

If a student experiences a problem with a smoke detector or emergency call button, contact Campus Safety and Security immediately at 434-791-5888.

## **Fire Escapes**

Use of fire escapes for any purpose other than to escape a fire is prohibited. As is the case for all fire safety regulations, violators will be subject to disciplinary action and may be subject to criminal prosecution.

## **Open Flames**

It is a violation of University fire safety rules to light any material on fire on campus. Candles, other open flame devices, grills, incense, or other flame/heat producing items are strictly forbidden for use inside University facilities except during official religious ceremonies or events as authorized by the President or designee. Students will be held financially accountable for all damage they or their open flame device causes as a result of violating this policy as well as be subject to the disciplinary process.

## **Electrical Wiring and Appliances**

Tampering with electrical wiring is prohibited. Such prohibited actions include, but are not limited to, installing direct-wired fans or lights and unauthorized entry into electrical panel boxes. Residents are responsible for all damage caused by electrical tampering or use of electrical appliances not owned by Averett University.

Electrical appliances must be UL approved and maintained in good condition. Numerous electrical devices plugged into one outlet through an outlet cube or extension cord can cause a circuit overload and may lead to overheating of the electrical appliances, resulting in a fire. Therefore use of outlet cubes or extension cords is prohibited. Use of a power strip with a built-in circuit breaker is acceptable.

Heat producing appliances (such as hair dryers, coffee pots, irons, etc.) should never be plugged into multi-plug adapters, extension cords, or power strips and should never be left unattended. Always be sure to turn appliances off when not in use.

For safety reasons, Averett University has specific restrictions that limit what appliances may be used in residential facilities. The possession or use of large appliances or any of the following small appliances or electrical equipment is prohibited in University residential facilities; and violators will be required to remove them or they will be confiscated. Disciplinary action and fines may result. Prohibited items include:

- Halogen lights
- Toaster ovens or hot plates

- Fragrance plug-ins
- Appliances with exposed heating elements
- Electric fry pans
- Refrigerators larger than 3.2 cubic feet
- Space heaters not issued by the University
- Grills of any type
- Other appliances identified by the University as a hazard

Popcorn poppers, thermostatically controlled heating elements, and electric percolators are allowed in residence halls and apartments. Window unit air conditioners are allowed in rooms in Danville and Davenport Halls only. Contact Residence Life with questions about the use or permissibility of other appliances or equipment.

### Smoking

Averett University seeks to preserve a living and working environment supportive of behaviors that contribute to the physical health, safety, and well-being of all community members. Smoking any substance, the use of electronic cigarettes, and the possession of hookah pipes are not permitted in any campus facility, specifically including (but not limited to) residential facilities, apartment balconies, academic buildings, the Student Center, and athletic facilities. Smoking is permitted only in the Fugate and Frith parking lots where indicated by the presence of a smoking stand/ashtray. When smoking in permitted areas, all smoking materials must be fully extinguished and be disposed of in appropriate fire resistant receptacles outside of buildings. Entrances and exits to campus buildings must be free of smoke. Failure to follow this policy may result in disciplinary action and fines to cover the cost of cleaning, repairing, or replacing damaged University Property.

### Fire Drill Training

Averett University conducts at least two student housing fire drills per year (one each semester). The drills are supervised through observation, evaluation, and documentation. The standard procedure entails activating the fire alarm system. All students, employees, and visitors must exit and assemble away from the building. Participants are briefed on their performance of evacuating the building, ways to improve evacuation, and what to do in the event of a real fire. There were three fire drills conducted in 2018 in the residence halls at the Danville main campus on March 20, April 3, and September 10. Fire drills are not held at the Equestrian Center or other non-residential locations.

### Student Housing Fire Safety Equipment

Each student housing area is equipped with fire extinguishers in the corridors, kitchens, and laundry rooms. The fire alarm pull stations are located by each required exit and stairwell door. All corridors are protected by automatic smoke detectors tied directly into the building fire alarm system. An activation of the fire alarm system will annunciate the notification devices (alarms, strobes) and automatically notify the Campus Safety and Security department.

In addition to the corridor smoke detectors, residents' rooms and apartments are equipped with smoke detectors. Some areas are also protected by an automatic sprinkler system.

### Residence Hall Fire Equipment

## Crime Statistics

The Campus Safety and Security department is tasked with responsibility to collect data and prepare crime statistics for the annual crime report. Data is collected from local police agencies where Averett University has a campus or non-campus property, including property controlled by Averett during study abroad programs. These locations in Virginia include: Danville, Quantico, and Caswell County, NC. Locations in Chesapeake, Roanoke, and Glen Allen, Virginia, were closed. Data is also collected from reports made by Campus Security Authorities and contained in the Daily Crime Log.

### Definitions of Clery Crimes

#### ***Murder/Non Negligent Manslaughter***

The willful (non-negligent) killing of one human being by another. Note: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

#### ***Negligent Manslaughter***

The killing of another person through gross negligence.

#### ***Rape***

The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without consent of the victim.

#### ***Fondling***

The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental incapacity.

#### ***Incest***

Sexual intercourse between persons who are related to each other within the degrees that marriage is prohibited by law.

#### ***Statutory Rape***

Sexual intercourse with a person who is under the statutory age of consent.

#### ***Robbery***

The taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

#### ***Aggravated Assault***

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

#### ***Burglary***

The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

### ***Motor Vehicle Theft***

The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned (including joy riding).

### ***Arson***

The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

### ***Weapon Law Violations***

The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

### ***Drug Abuse Violations***

Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and other dangerous non-narcotic drugs (barbiturates, Benzedrine).

### ***Liquor Law Violations***

The violation of laws or ordinance prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of these acts. Drunkenness and driving under the influence are not included in this definition.

### ***Dating Violence***

Violence committed by a person:

- Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- Where the existence of such a relationship shall be determined based on a consideration of the following factors:
  - The length of the relationship,
  - The type of the relationship, and
  - The frequency of the interaction between the persons involved in the relationship.

### ***Domestic Violence***

Includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, or by a person:

- With whom the victim shares a child in common; or
- Who is cohabitating with or who has cohabitated with the victim as a spouse; or
- Similarly situated to a spouse of the victim under Virginia domestic or family violence laws; or
- Who is a family or household member of the victim, where

Family or household member means:

- The person's spouse, whether or not he or she resides in the same home with the person,
- The person's former spouse, whether or not he or she resides in the same home with the person,
- The person's parents, stepparents, children, stepchildren, brothers, sisters, half-brothers, half-sisters, grandparents and grandchildren, regardless of whether such persons reside in the same home with the person,
- The person's mother-in-law, father-in-law, sons-in-law, daughters-in-law, brothers-in-law, and sisters-in-law who reside in the same home with the person,
- Any individual who has a child in common with the person, whether or not the person and that individual have been married or have resided together at any time, or
- Any individual who cohabits or who, within the previous 12 months, cohabited with the person, and any children of either of them then residing in the same home with the person. (Section 18.2-57.2 of the Virginia Code).

### *Stalking*

The engagement in a course of conduct directed at a specific person that would cause a reasonable person to:

- Fear for his or her safety or the safety of others or
- Suffer substantial emotional stress.

### *Hate Crimes*

Colleges and universities are also required to report statistics for bias-related (hate) crimes by the type of bias (defined below) for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations and/or weapons: possessing carrying, etc. and larceny-theft, destruction/damage/vandalism of property, intimidation, and simple assault. If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document. A bias-related (hate) crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, religion, gender, gender identity, ethnicity, national origin, or disability, then the assault is also classified as a hate crime. The following crimes are reportable only if they are hate crimes:

- *Larceny*

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

- *Vandalism*

To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

- ***Intimidation***

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

- ***Simple Assault***

An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

## **Annual Crime Statistics for 2017, 2018, and 2019**

Official Clery Crime and fire Statistics are located at the U.S. Department of Education website <http://ope.ed.gov/security/>.

The Clery Act requires Averett to report statistical information for certain types of reported offenses. These offenses include: homicide, manslaughter, arson, hate crimes, assault, robbery, burglary, forcible and non-forcible sex offenses, and motor vehicle theft. The Violence Against Women Act amended the Clery Act by adding additional types of offenses that need to be reported. Definitions of these offenses are given above.

The statistics provide the total number of reported offenses to the Averett University Campus Safety and Security department for the previous three years. These statistics reflect reports of crimes to Campus Safety and Security that the University has assumed has occurred.

**The Danville main campus** includes the area surrounding its Main Hall at 420 West Main Street and property owned, leased, or controlled by Averett within 1 mile. It includes public property as well as residential facilities which are reported as a subset of on-campus.
