

Dear Cougars,

I hope that this email finds you and your families keeping safe and healthy. This email serves as a follow up to the email communication that I sent last week with the information about the university's comprehensive plan as well as the check in dates for our residential students. I know that as you and your families begin to prepare for your arrival to campus you have many questions and concerns. The information that we will send later this week and next will provide greater detail about the planned educational and residential experience. Please continue to check your Averett email and monitor Averett social media accounts. In the meantime please take the time to read through the following updates:

Accommodations

If you need to request either an academic accommodation and or a housing accommodation due to COVID-19 please use the following form that can be found by clicking this link: <https://averett.tfaforms.net/217781>

If you have questions and or concerns in regards to academics please contact Erin Schlauch Director, Galesi Student Success Center via email at eschlauch@averett.edu or via phone at 434-791-5754. For questions or concerns in regards to housing please contact Shelbylyn Boelsche Assistant Director of Housing Operations via email at sboelsche@averett.edu or via phone at 434-791-2454.

Check-in Dates

All students (both new and returning) will be assigned a specific time when they should arrive on their move-in day. This information will come from the Office of Residence Life & Housing by email. Athletes should hear from their coaches regarding the specifics of what they will need to do prior to move in. Please continue to check your Averett email address as information will go out this week with your specific move in date and time.

International Students

Averett University is committed to supporting, informing and advocating for our international students as we work to address these new regulatory obstacles. At this time you should have received an email from Joel Nester and or Tammy Jackson in regards to zoom meetings this week for international questions. If you did not receive an invitation to join please respond to this email and we will get you registered.

Further Communication

All students are invited to attend a zoom meeting with me this Tuesday at 8 p.m. Parents and families are welcome to join as well but we are working on a separate communication for them later this week as well. Please see the information provided below in order to join the zoom call this Tuesday at 8 p.m.:
