

Krystal Hankins Departing for New Horizons!

Krystal Hankins has completed all requirements to receive her Master's Degree in Business Administration from Averett and will be graduating in December. This is bitter sweet for The Education Department in that she has chosen to take a position outside of Averett that is more suited to her new area of expertise.

Over the past three years, Krystal has been a key figure in supporting the needs of the department and the needs of students entering the Teacher Education Program. She has contributed to streamlining the policies and procedures for the department as well as organizing key milestone events for education students. The Celebration of Success, which highlights students entering the program, and The Excellence in Education that celebrates completion of student teaching and honors our clinical educators are but two such events.

Krystal's last day with us will be Wednesday, September 21st. Please take a moment to come by Frith 201 to congratulate Krystal on completing her Master's Degree and to wish her well as she leaves Averett to embark on a new adventure.
